Back

Log Out

Simply touch the unit desired.

If unit is “greyed out”, it means that the key is already out or restricted.

Key Location

Cabinet door will open automatically as key location is shown on Panel A, Hook 12.

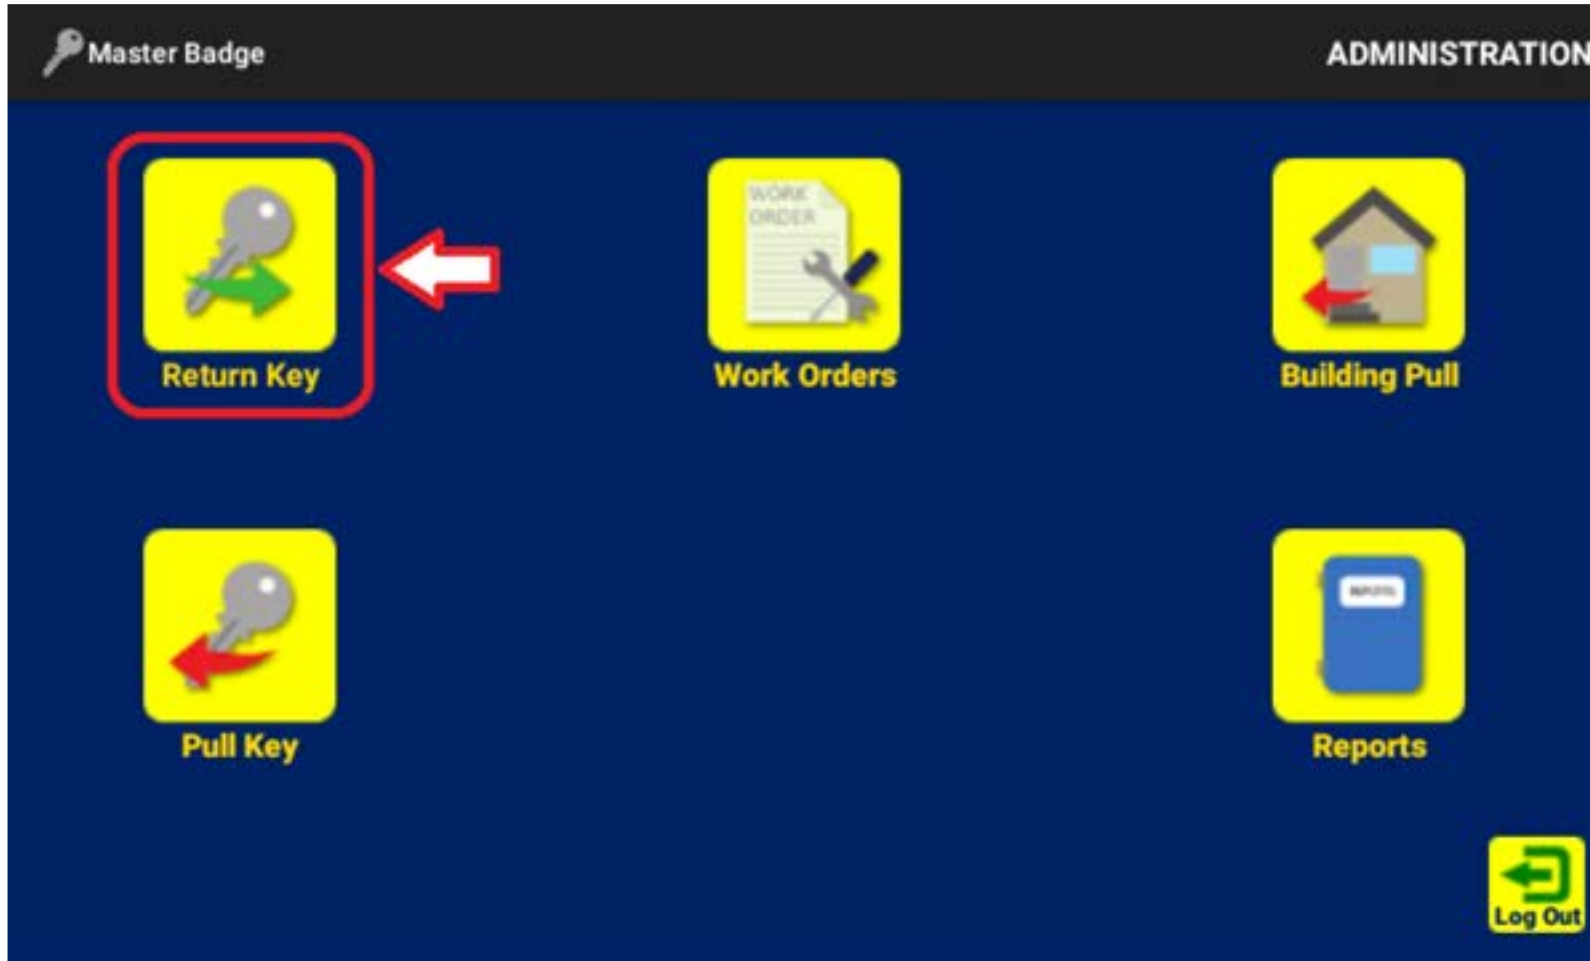

Premium System will display unit notes – in this case, the large dog warning

Pull key

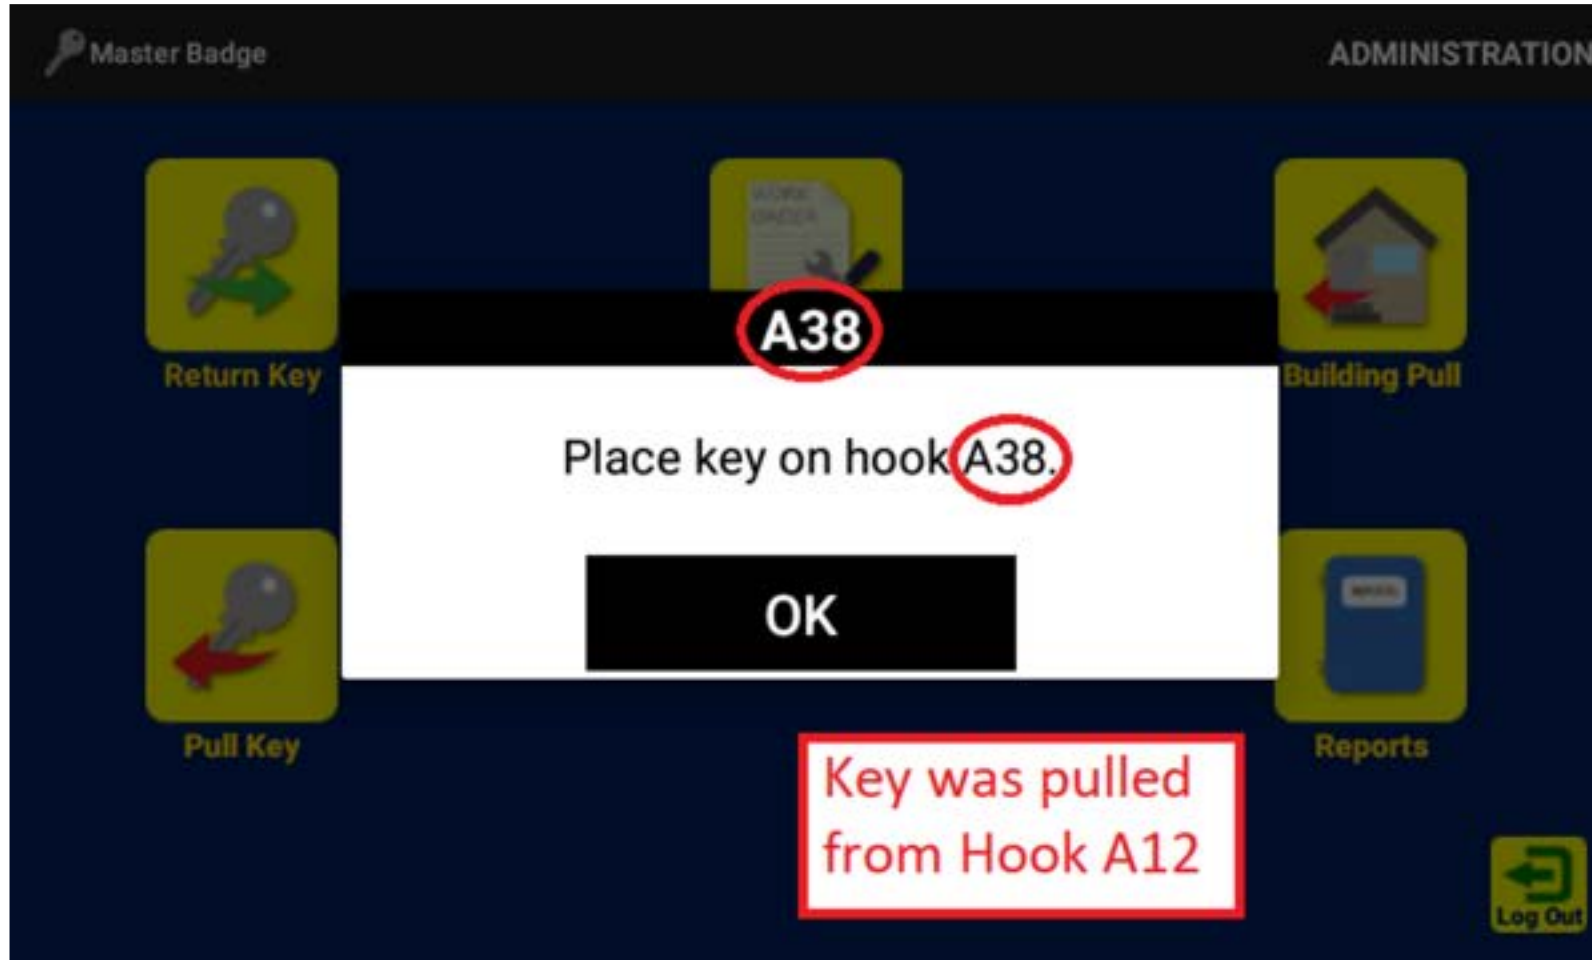

As directed, pull the key from hook A12 and scan key out.

To return key...

Access the system then press the green "Return Key" icon.

Random Rotation

Scan the key and you'll be instructed to place it on a different hook. This is...

Random Rotation, to prevent anyone from memorizing key locations

Secure Website

HandyTrac is online via ethernet cable... or Wi-Fi.

Go to our secure website to view **one...**

or **all** of your properties with one login.

The system records who took a key, when, why, and when the key was returned...creating an Audit Trail.

Reports are available for Keys Out, by Unit, by Activity, by Employee, or you may create a custom report.
